Where Every Animal Gets Every Chance!

The Wall of Compassion

A way to make your gift last forever!

847-697-2880

Help us build “The Wall of Compassion”

Anderson Animal Shelter was incorporated in 1966. In 1971 our building opened n five acres of land in Kane County. Over the years the shelter has transitioned from a traditional community animal shelter to one of the most progressive humane societies of its kind.

In 2001, an on-site veterinary clinic was added to provide health care for shelter animals and to spay/neuter all adopted dogs and cats before they leave the shelter. In 2003, Anderson opened a public low-cost spay/neuter and vaccination clinic.

Anderson Animal Shelter currently serves approximately 1,500 animals each year. The shelter operates under a limited admission, no kill philosophy and is dedicated to eliminating the euthanasia of healthy, adoptable animals. No animal is ever euthanized for space. Every adoptable animal at the shelter is cared for as long as it takes to locate a loving forever home. Every animal gets every chance.

THE WALL OF COMPASSION

The purchase of one of our bricks for this fundraiser is a wonderful way to make a gift to the Shelter that will last forever.

Whether you decide to memorialize a special person or pet, or do an honorarium to either a person or pet, the brick will be displayed in our Lobby of the Shelter and will be a lasting mark that shows the true compassion and support of the wonderful people that care about helping animals in our Community.

GREAT GIFT IDEA

This is a wonderful gift idea for parents, children, friends, and family to provide a lasting memorial to someone. They also make unique gifts for the pet lover on your shopping list, no matter what time of year it is!

Each brick sponsor will receive a recognition certificate and a card as a means of showing the person that received the gift that a lasting memory was made in their name on behalf of homeless pets.

HOW YOUR GIFT HELPS THE ANIMALS

Anderson Animal Shelter is a non-profit humane society that receives no federal, state, or local funding. It costs more than \$1,000,000 annually to cover operational costs and to provide food, shelter, and medical care to our animals. The majority of this finding comes from generous individuals from throughout our community.

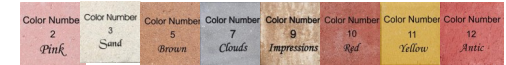

With several ways to give, donors can be certain that their gift will suit both their financial and charitable intentions, however great or small.
